A note from the editor of CENTURIAN PUBLISHING

Thank you for the great response. We've received lots of photos and letters which I will put in this and future issues.

WE NEED YOUR PHOTOS AND SHORT ARTICLES FROM MISTRESSES, MASTERS, SISSIES AND MAIDS. We have a lot of real, true stories from readers for this issue, plus we added some fiction to make this magazine more interesting.

We get a lot of letters from readers who don't send photos. Our artists depict a story with their art. We spend $3,000 to $5,000 in every issue of “Forced Womanhood” and “Enslaved Sissies and Maids” on artwork alone. These two magazines cost more than the other adult distributed magazines. We think it is worth it to bring you, the reader, magazines that are unique and fun to read. A lot more work goes into putting these two magazines out.

IMPORTANT NOTE: IT IS IMPORTANT THAT IF YOU ARE GOING TO PUT OUR PERMANENT FRENUM CHASTITY ON YOUR SLAVE'S PENIS THAT YOU REDUCE HIS SIZE WITH CONTINUAL USE OF REAL HORMONES OR HEAVY DOSES THREE TIMES A DAY WITH OUR VITAMIN HORMONES.

SEE FORCED WOMANHOOD FOR OUR PERMANENT CHASTITIES.

Slave Francis Preparing For Debut

Dear Enslaved,
Mistress Kristin has ordered me to send you this photo as an update to my sissy slave training. Mistress Kristin wants your readers to know that for the next two weeks I will spend hours and hours strung up while wearing 5" heels. I will be making my public debut in two weeks and Mistress Kristin wants you to ensure my calf muscles are reshaped and take whacking properly in the 5" heels for an entire day. I understand that Mistress Kristin and her friend Mistress Sabrina will take me, dressed as a sissy slave, and on a leash to the local adult book store. This visit will allow me to get used to people staring. I will then be taken to a lingerie store for some lacy undergarments. I will then be taken to Mistress Kristin's cousin and his partner. Wow, what a debut as sissy slave Francis.

Dominant Wanted

Dear Centurians,
Please place my photo and my ad in your Enslaved Sissies and Maids magazine.

Total submissive Sissy, loves bondage, looking for a Mistress or dominant she-male to serve. Will do anything to please. Write to and send photos to: Steve Vandall PO Box 313 Danes, WV 25831
Dear Enslaved Sissy:

I don’t have any photos to send you yet. But I have transformed my boyfriend into a pretty little sissy slave. I have her dressed in one of your schoolgirl outfits and have anklets and Mary Jane shoes, your hormone products have worked wonders on her too. And my Kitten is now a little dainty doll.

I have a collar and a leash on her and we are going to go out shopping today. I know Kitten will turn some heads too.

Mistress Star
The first night she stuffed my bra with bags of silicone gel and had me put on the maid’s uniform. She remained in her transparent negligee and high heels. My penis trying to erect within the cock cage, caused me great pain. Nevertheless, T said I must keep smiling, “or else”. I dare not ask, “Or else what?” When her boyfriend showed up he was torn between T’s gorgeous body and her sissy maid. That night he used my mouth before and after screwing T.

It has been three years now. I have a beautiful body, including 34C implants. My cock is chastised; I have not had an orgasm since that fatal Friday night. My body, mouth and ass belong to T, who allows her friends to use me at their whim.
Hello Everyone,
This is sissy maid Barbara again. My Master has decided it’s been long enough between letters and has directed me to write with an update on my activities.

First, let me say how much we enjoy “Enslaved Sissies and Maids” and look forward to each new issue. So many pretty sissies are out there, and so many men and women who are interested in someone to serve them. My Master has continued to train me so that I may provide suitable services to others who may not have the time to provide training themselves. I must say it’s been a very rewarding experience.

Recently, I was allowed to visit with him at his home for several days. Throughout that time I served him as a maid, performing household chores such as vacuuming, ironing and cooking as well as more personal services as he required. These photos show me hard at work in my black and white vinyl maid’s uniform from your Sissies and Maids catalog (you really have so many lovely items in there). One day I was even required to serve wearing a pink tutu, with only a pink ribbon and a chrome ball stretcher below it. I was wonderfully exposed and accessible to him and his guests.

When my chores were completed I was usually bound, as I provided other entertainment for him. That was also when I was punished for my mistakes that day or rewarded for good services. (It’s funny, but the punishment and rewards are both very similar).

Well, there’s an idea of what I’ve been up to. Hope you enjoyed it. If you find it suitable I hope you’ll include any or all of it in a future issue and please include my address so anyone interested in my services can contact me.

Yours Truly,
Sissy Maid Barbara

Admittedly, my hubby is rather bizarre. I absolutely love completely feminizing submissive young men. I especially enjoy it if they don't want to be. I find it fascinating a young male cringing as I introduce him to panties, then his very bra, then nylons, their skirt and heels. I do it gradually, one step at a time. At each step they eventually give in. What I tell them is that I expect them to get in touch with their feminine side. That being submissive to me they need to feel less manly, to be softer, gentler. They either go along or they never see me again.

I never know what the end result will look like. That's what fascinates me. My latest project I've been working on for more than a year.

Fredericka, once Fred, turned out quite lovely, but was real challenge at first. Without his knowledge I began giving him hormones on our first meeting. I knew right away he was never going to be much in the boob department. So I decided to concentrate on his long legs, but especially his ass. It was already nicely plump. So once every couple of weeks I would put him out with a doctored drink and inject his bottom, broadening it no more than a half inch at a time. Over the months it gradually grew bigger and bigger. Once he could no longer get his pants on, it was time for skirts and his first maid's uniform.

She was resigned to her servant's status, but when she saw the special uniform I designed just to show off her best asset, she begged me not to wear it. I told her she was just being foolish. That she had a lovely ass that any woman would kill for, now eight inches broader, and she should be proud to show it off, without a hint of muscle anywhere.

I'm so proud of what I accomplished with Fredericka I use every opportunity to show her off in the outfits I've designed just for her.

Since she looks so darling in pink, I designed a flirtatious, all pink outfit for when I take her out for a walk or to do some shopping. I call the satin skirt a ballerina, tutu skirt. It stands almost straight out and bounces up and down as she walks giving passers-by and admirers an ample view of her well-endowed behind. The other night I'm afraid she caused a scandalous scene at the symphony. I had her dressed in a tasteful, simple cocktail

dress in black, edged with lace. She looked quite elegant and demure, until she turned around, that is. She had a crowd of admirers behind her the whole night. Of course, when I took her to Atlantic City with me for a mini-vacation she simply had to have an outfit for the boardwalk. And, I'll have to admit, she caused quite a sensation as we strolled down it. I felt a nautical theme appropriate for the seaside so I had her in the tightest, spandex, bare-ribbed, halter top with a sailor's collar. Then absolutely the tiniest, white, spandex shorts. I'd call them mini-hot pants. It was quite a struggle, but once on they positively glued to each cheek, not really covering all of them. But what I felt really set them off was the key-hole opening in the back. That nicely displayed the crack between her cheeks. Anklets, Mary Janes and a sailor's hat all added to what I thought a very fetching look.

The Sissy Who Begged His Mistress Not To Take Him Out In Public In Heels, Got His Wish

I always got so much enjoyment taking my sissy out and showing him off in public. I'd dress him in some short, frilly top that showed off his midriff. The tightest, little satin shorts to display his girlish behind. And a pair of the highest, sexiest heels. I keep his hair short in a pixie cut so no one can mistake him for other than what he is, a sissy. I get such a satisfying thrill when people point and laugh at him. It's horribly humiliating for the poor thing but then that's the whole purpose as I patiently explain to him. “You simply can't allow yourself to think that you're a man anymore. And I really felt you need these outings to remind you of that,” I said.

But every time we'd return, with sissy sobbing and crying, he would beg me to at least not make him wear heels. So I relented when I saw a girl wearing a pair of white Keds. I bought a pair, sketched out how I wanted them altered and took them to the seamstress who makes all of sissie's darling outfits.

“Oh my, he's not going to like these,” she laughed.

“Well, he begged me not to show him off in heels and I made a promise that I wouldn't.”

When they were finished I took them to a shoe repair shop for one addition.

“Close your eyes and I'll put your new shoes on for you. Aren't you so relieved they don't have heels, and these even lace,” I asked.

“Oh yes, thank you Mistress,” he said, obviously relieved. Which didn't last long when I told him he could open his eyes.

“Please, oh please,” he begged when he looked down and saw what were on his feet, and dainty lace decorating the tops. The seamstress had applied pink hearts all over them and replaced the white shoe strings with pink ribbons. And to the ends had sewn on tassels with silver bells. The final touch to sissie's new shoes were the steel, tap plates added to the toes and heels. On the inside the seamstress had added what she felt was an appropriate logo - Sissy Kedds. Our outing that afternoon produced more laughter than when he wore heels. He couldn't stop the bells from jingling as he minced down the sidewalk.

When we got home I grinned and said, “You can put all your heels away, I think I've found the perfect shoes for my sissy.”
My sissy husband and I have been reading your Forced Womanhood magazine for years. And now we have added your new sissy magazine to our subscription. Over four years ago I started training Bob, my husband, to be my female slave companion. It seems that all my friends' husbands eventually went out on my friends. So, I decided that Bob never would. He's now chastised and been forced to take your feminizing hormones for the last four years. After reading your sissy magazines I decided I would rather have him as a sissy. Your hormones made his boobies just the right sissy size, a small size B. Yesterday I took him for a walk downtown in a pink mini skirt with bows, a pink top and pretty bow shoes with frilly socks. I even bought him a pretty little pink purse he had to hold. It was the ultimate humiliation. He looked so cute and sweet all shaven all over his body and in pretty pink earrings.

I met Charles in a gay bar just a year ago. He showed me your magazines and told me he'd serve me if I turned him into a she-male sissy. I made him start taking your hormones. I kept him at home in bondage while I went to work. Last month he had his breast implants. By now his hair had grown out and he was kept shaved. I bought lots of sissy clothes from your catalog like the one in this photo. Charles is now Charlotte and she must take care of all my sexual needs daily. At first, she was reluctant to handle and suck my cock, but she is slowly getting used to it.

Magazine Story Influences Woman To Turn Man Into She-male Schoolgirl Sissy

story from page 14

Dear Enslaved,

I knew it was only a theme used so many times by fetish writers that it had almost become an 'urban legend', but the erotic, mental images still made my twat hot and bothered. It was my first year in college, and Suzy, my gorgeous dorm roommate, was into fetish mags and books big time. Saying she wished it would happen here, she read me a magazine story about two college boys who got caught by girls during a panty raid and were tied up, feminized, and kept for a week as pretty 'girl' slaves. Suzy said dreamily that she would never have set them free but kept them as permanent 'girl' slaves. Sexy images still in my mind, I agreed. Sadly, there were no panty raids during my college years, but that TV domination story stuck with me.

Suzy introduced me to your marvelous magazine and other publications, and I searched the lovely TVs and she-males tied and gagged in sexy clothes and uniforms, and especially schoolgirl clothes, proving that there were really submissive men out there who could be bound and feminized. I was so hot that I indulged Suzy's strong bondage fetish and let her tie me naked with a multitude of ropes and "force" me to make love to her for hours. It was from Suzy that I also learned about ropes, knots and bondage positions, all of which were useful later. When it was my turn, I had Suzy dress as a schoolgirl, then fantasized that I was dominating a bound she-male, like the ones in your magazine. It was even more exciting that way. As soon as I was out of college and had a job and my own apartment, I seriously searched your Readers Column until I found Evan, a beautiful, submissive TV who was looking for a dominant Mistress. He lived in a nearby town, and we began dating. Soon we pooled our money and took a secluded place on the edge of town. Evan had a trust fund from his late parents, so he was able to stay home as the lady of the house and begin his transformation into a she-male with your pills and creams until it could only fit a FL2C that was permanently attached. His breasts then had big implants, and Evan became Eve, a she-male beauty who passes as a genetic woman. Eve has a variety of sissy she-male clothes such as a tutu dress, frilly dresses, suspended skirts and dresses, Mary Janes, Baby Doll shoes, and Sylvia Baby Doll shoes. I like her most as a schoolgirl, in a white, long sleeve blouse, short plaid skirt, long stockings with bows at their tops, and high heels, saddle shoes, or penny loafers. I love to tie her up like that and often imagine she's Suzy dressed as a she-male schoolgirl eating my pussy, like she did in our college days.

Sometimes I want a real cock in me, and dressed as a schoolgirl, Eve is tied and gagged standing at the foot of the bed. Her arms are spread and tied to tall bedposts, her blouse is open to show her tits and nipples which have clamps on them and small chains running up to her collar. Her skirt is slit to her waist, revealing her tiny metal encased cock, her legs are tied above the knees and at the ankles and ankles. Things were going nicely, his breasts were growing, his skin was soft, his hair silky, and his figure was feminine, then Evan saw his cock was dwindling and panicked. I forced him up to the attic and kept him tied and gagged there for three weeks in his "Forever Sissy" lingerie, over-the-knee schoolgirl stockings, and Sylvia Baby Doll shoes. I slapped his face, spanked his ass, dildooded and face sat him, and made him kiss and lick my shoes and soles. At last he gave up and resumed his treatments, as well as long hours of lessons in how to talk and act like a woman. I locked his cock in a FL4E frenum chastity until it could only fit a FL2C that was permanently attached. Dear Sissy Magazine,
I didn't realize what I was getting into when I agreed to let my wife turn me into a sissy slave. She always made more money than me and always had a lot of men hitting on her at work. I didn't realize it at the time, but the reason she wanted to chastise me was because she was a nympho. She wanted sex with other men. I also didn't realize that I would be chastised with a permanent metal chastity. I found she wanted to have me watch, all bound up, while she had sex with different men.

Ever since she picked up your magazine she was excited and determined to make me helpless and turn me into a real life sissy slave. She made me take your hormones twice a day until I had little sissy titties. My skin smoothed out and my butt got bigger and I started getting feminine features all over my body.

She ordered some of your sissy dresses and
Baby Doll shoes which I had to be dressed in during every walking day. At night, I had to wear sissy nighties and ruffled panties. I was bound up one night when she paid a piercing specialist to come in and permanently attach your Frenum Metal Chastity on me. She now enjoys humiliating me by binding me up in sissy dresses with a collar and gags me and makes me watch as she brings men home into our bedroom and fucks them. Some of these lovers make fun of me saying things like, “I’m going to fuck your wife.” I can see that she enjoys them more than she ever did with me.

After she is done, she always makes me kneel down and kiss her feet as she tells me what a worthless sissy slave I am. Sometimes, she even makes me suck out her lovers cum from her juicy pussy.

Man Made To Wear Sissy Clothes To Office
When the girls brought him back from shopping for the perfect wardrobe for our new company sissy, I went into hysterics. I couldn't help it.

"Please don't make me dress like this," he cried.

"But sweetie, this is you. I think you look absolutely adorable in pink, don't he?"

"You're right, pink really is his color. It really brightens up the office," Jackie laughed.

I frankly could not conceive of anything more sissy than what he was wearing. A white satin blouse with pink pinstripes, which, of course, button on the wrong side. Shimmering pink satin pants with, of all things, a band of polka dots hemming absolutely adorable in pink, doesn't length to show off his pale pink, seamed stockings, and the most crushingly sissy shoes. Pink patent leather Mary Janes with girlish heels, bows on the toes and heel and toe taps.

The pants were obviously not men's pants. Immediately noticeable was the flyless, flat front, legs that were too slim and tapered. The back zip and skin tight seat showing off his girlish ass. Dear Fog City Womanhood,

I don't know when my fascination with feminization and bondage started, but it seems as if it's always been with me. Finding someone who shared my desires wasn't easy. The women who went along did so until the 'newness' wore off and then we parted, as there was no use dating someone who wasn't interested in such things—and I certainly was not about to change! As a result, I was left to my own devices.

Returning from work, I would change into a padded bra, waist-cincher, garter belt, nylons, 5" stiletto pumps, and a flowing blonde wig (all from your Transformation and Transvestite catalogs), then make up my face and, after dinner, put on a TV bondage video and watch it while in self-bondage. I became very expert at binding myself and it often took me up to an hour to wriggle free from my ropes. I also enjoyed reading your magazine and its sister publication Enslaved sissies and maids with my hands tied in front of me. Weekends I cleaned house in your sexy French maid uniform, wrist and ankle leather cuffs and braces, and either ball or penis gagged. I also wrote TV bondage stories like that and imagined myself as the 'heroine' and wished those adventures would come true. I should have remembered the old saying, 'Be careful what you wish, as it might come true.'

One night I was reading your latest issue in my front room when the doorbell rang incessantly. Quickly, I freed myself from my token bondage, whipped off my wig, hurried to the closet and threw a long coat over my lingerie clad body, then padded to the door. Luckily I hadn't put on makeup. I squatted through the peep hole and saw Judith, my gorgeous new neighbor across the hall. I opened the door a bit and she smiled radiantly and, voice low and sexy, asked to come in. I started to stammer an excuse, but she slipped inside and stood towering over me in 6" stiletto pumps. She said she'd seen me through my peep hole as I'd faced myself and bound and feminized men really made her hot and horny.

Dear Enslaved,

My fascination with bound, feminized males started in grade school and continued right up to this day. I was one of the followers in our neighborhood gang, so I just stood and gawked when our leader, Joey told the new kid that he could play cops in robbers with us if he was the victim and dressed like a schoolgirl. Joey had taken some of his older sister's clothes, and planned to make one of us the female captive. Lester was slim and girlish, and he really looked great in frilly lingerie, sleeveless white blouse, short plaid skirt, over-the-knee white stockings and penny loafers, red bows in his longish hair combed in a feminine style. I watched, wide-eyed, as he was tied to a tree with a multitude of ropes and gagged with a cloth. The other kids danced about, teasing him, then ran off to hide while he tried to get free. I remained rooted in place, watching him struggle in vain, as a strange feeling came over me. The wind blew up his brief skirt, and I saw Lester's panties were strongly bulging too. From then on, we were close friends until his parents moved away.

None of my other friends were into bondage and femininity so I was left with my wonderful memories of Lester until I was out of college and on my own in the world. I discovered your outstanding magazine and sister publications, and became intrigued with making a she-male. Through your Readers Column I finally met Charles (Charlene), who lived in the same city. After a few dates he agreed to move in and be changed into a she-male. He had money saved, and I was earning real good money, so we took a secluded house and began his transformation in earnest.

We sent for all of your hormone creams and tablets with natural female estrogen, as well as sissy and schoolgirl clothing from your Transvestite catalog. For cleaning house "Charlene" wore a pink or white satin locking sissy maids bondage uniform, Mary Jane Baby Doll sissy shoes of gleaming pink with little girl heels and taps, "her" wrists and ankles chained and connected to her collar by a long chain. Returning from work, I would have her put on a fashion show with sissy and schoolgirl clothes before binding her stringently for sex or only a blow job. I really liked her in either a frilly "Forever Sissy" bra, matching panties, over-the-knee schoolgirl stockings and classic Mary Janes with shiny, black patent leather and taps on the toes and heels, or else a schoolgirl uniform or a sleeveless white blouse, short plaid and pleated skirt, long stockings and penny loafers, recreating the image of Lester that fateful day which started my obsession with feminized males.

At first things went great. Charles' breasts grew nicely, his skin was soft, his long hair more lustrous, and his figure shapelier, helped by a corset nipping his trim waist and giving his hips and ass a feminine roundness. But then he saw that his cock was dwindling and begged to stop his feminization. I dragged him to the cellar in his "Forever Sissy" lingerie, ruffled socks and white Sylvia Baby Doll shoes, and kept him tied down there in a variety of muscle-aching positions, fucking his mouth and ass, besides using dildoes and vibrators. I spanked his butt red, lashed him with a crop, and suspended him from a rafter and swung him by his cock and balls. He sobbingly gave in and resumed his pills and creams.

Judith wound up spending the night and giving me the best bondage I'd ever had, including binding my cock and balls which was a new experience for me. We had oral sex, as she much preferred it to fucking. That was fine with me, as she was an expert cocksucker. We began seeing each other regularly, and finally rented a house, where we began my transformation with all of your various feminizing pills and creams. I quit my job and became the "bondage lady of the house," cooking and cleaning in leather cuffs and chains and penis gag. Judith instructed me how to talk and behave like a lady and to correctly apply make-up and do my long blond hair. I wore 4" or 6" heels and a tight corset constantly and even slept tied up in them. At first I was enthralled with the many changes taking place in my body. My skin was softer, my hair lustrous, my body more femininely rounded, especially my hips and ass from the corset and my shapely legs from high heels, and my breasts grew nicely. Judith had me play with them to help them grow even more, and they kept me almost constantly horny due to their sensitivity. Then my penis and sex drive began to diminish as my breasts continued to grow. I tried to stop the pills and creams but Judith kept me in tight bondage and really went to work on me.

For weeks I was spanked across her lap, dil­dooed, made to crawl and lick her shoes (tips, heels and soles), lashed with whips, walked on with 8" stillettos, tied in many muscle straining positions for hours, and face sat, tonguing her pussy to multi-orgasms until I almost choked on her gushing juices and passed out from lack of air. I wisely realized my folly and surren­dered to her strong will. Then I was given even more pills, cream treatments, my female lessons were increased and my cock was locked in a FL2C chastity.

Six months later my breasts had large implants and my small prick was permanently fastened in a FL2C chastity and I became "Marta," a stunning passable she-male slave. In concealed bondage I accompany my Mistress everywhere. Often she has women over and I service them with my tongue. They enjoy binding and dil­dooing me, and say I eat pussy better than any real man or woman. There are rare times when Judith wants a man and I watch, tied and gagged, then I'm gang-banged by her and the man. Still, I love everything that's done to me! Sissy she-male slave Marta

Hello Centurians:
My husband and I have been reading your bondage and crossdressing magazines for over fifteen years. Recently I have started turning Jason into a pretty sissy after reading your sissy magazines and sissy catalogs. I recently bought him a schoolgirl outfit and black and white oxfords and stockings from your sissy catalog and silicone breasts from your Transformation catalogs. We already bought many bondage items out of your bondage catalogs.
I love to tie him up on the bed in his new outfit with pigtail and torment him until he promises to give me oral sex for at least an hour.

Dear Enslaved,
I've always been one bossy lady, even as a kid, so naturally I was drawn to shy, submissive boys and later men. At work, I'm head of a computer department and have mostly men under me.

At poolside in my swanky apartment building I met Terry, a slender, rather short and girlishly handsome man, whom I was pleased to find was very submissive. His expressive face lit up when I talked about childhood bondage games, and I knew I had found the right person. I had him over for dinner, then later, as we were making out hot and heavy, I produced lengths of clothesline and said I wanted to tie him up, naked. He agreed eagerly and retained a hard-on just from being tied up. After sex (which was mostly him eating my cunt and me giving him a long blow-job then hand-job), I left him tied and gagged on the bed and supposedly drove him up and front panel for tummy control. He also had wigs, lingerie, including a frilly "Forever Sissy" bra and panties, 4" to 7" stilettos, various styles Baby Doll shoes and Mary Janes with little girl heels. For house work he wore either a French maid uniform or a pink or white satin locking sissy maids bondage dress. His wrists and ankles were in leather cuffs and chains and he was penis or ball gagged. He had many sissy dresses, schoolgirl outfits, including saddle shoes and penny loafers and over-the-knee stockings. When I came home we would choose what dress and nightie he would wear for the night, as well as penis restraint, and whether his bondage would be ropes or leather straps or more complicated, with body or armbinders, locking devices or hogtie restraints. Terry loved them all.

Then he found that his penis was shrinking as his breasts grew and his body became more shapely and feminine. His pleas to stop his feminization met with severe chastisements in the cellar. I bound him in very strenuous positions, walked on his cock and body in 8" stilettos, slapped, spanked and lashed with whips and belts, dildosed, and face-sat until he fainted from lack of air. Terry sobbingly surrendered and resumed his feminization, including lessons in how to talk and act like a woman. I used your various cock harnesses, locking sheaths and other penis devices on him before his prick finally became so small it could only take a F12 frenum chastity that was put on permanently. His breasts were soon ready for big implants, and Terry became "Tracy," a lovely she-male whom no one suspects isn't a true woman. There are times I want a cock to suck on besides fuck me, and I have a man over for the job. In long gloves, 7" boots, and red corset with black stripes, I have torrid sex on the floor while Tracy, gagged with a thin strap between her teeth, her wrists and arms tied behind her and clothesline also encircling her slender torso, kneels on the bed, her trim ankles tied, looks on sadly, aware that she can't perform like the man, except with her tongue, I always dress her like a schoolgirl (men love it), usually in a brief, short-sleeve, checked dress and Baby Doll shoes with bows and small heels. When the man and I are exhausted, we taunt Tracy, even spanking her, until we're again ready for sex. Then Tracy gets a real work-out. She blows the man, who cums in her face and makes her lick it off, then we take turns reaming her ass, him with a cock, me with a big dildo. We rotate positions, having her lick one of us while the other screws her butt. We abuse her until she faints with exhaustion. It's such fun!
Dear Enslaved: One day I came by Darla's home/photo studio after work and got the surprise of my life. We'd been friends since childhood, and she'd always been kinky about bondage. No sooner would I walk through her front door than she would whisk me off to her room and tie and gag me with sashes from robes and dresses; later it was scarves and clothesline. The ritual was even more enjoyable when we became eighteen and would then love each other's splendid body.

Saying she needed me to model, Darla led me to the studio where a slender, beautiful young woman sat roped in a chair, a scarf between her red lips, in a party dress, lacy socks and Mary Janes with small heels. I was reminded of our childhood games. The photos and videos were for a private collector, so I didn't worry about my co-workers seeing me in skimpy bra, cut-out panties, garter belt, nylons and 7" stilettos dominating the girl. When the model was freed and changed to a schoolgirl outfit of midriff blouse, short, pleated skirt, bobby socks and penny loafers (again reminding me of my school bondage days), I was stunned to find that "she" was really a "he."

I was shown your wonderful magazine (a real eye-opener!) and your other publications, and talked with Wilt and Darla about TVs and she-males during breaks and costume changes. The photo session ended with Walt a bound French maid in 6" stilettos, then he changed to female street clothes and left. Darla clicked her computer to your website and I learned even more about she-males before we had bondage sex in her bedroom. We agreed that a she-male would be perfect (as we didn't like cock-fucking), and through Wilt, Darla soon introduced me to Chris, a feminine TV. We hit it off and in no time were living together in a secluded house, where Chris was put in bondage (rotating from sissy dresses, to schoolgirl outfits, then French maid uniforms) every day when we returned from work.

From your Transvestite catalog we ordered party dresses, petticoats, and locking sissy maids bondage uniforms, Sylvia and other Baby Doll shoes, and Mary Janes with little girl heels, lacy socks, and frilly "Forever Sissy" bra...

and panties. Next were schoolgirl outfits: dresses, suspendered or plaid, pleated short skirts, over-the-knee stockings, saddle shoes and penny loafers, and various midriff tops. Last were French maid uniforms with 4” to 6” heels. Chris looked good in everything he wore. We made wise investments and he was able to quit work and be the lady of the house. He also agreed to use your pills and creams with natural herbs and vitamins that have pure female estrogen and be transformed into a she-male.

His breasts grew, his skin became softer as his face and body hair vanished, his long blond hair was more lustrous, and, helped by a corset nipping his waist and making his hips and ass more rounded, his figure was very definitely feminine. The changes brought a price: his small penis became even smaller. He protested that he agreed to be a she-male, but he still wanted his cock. That was not fine with me, and he spent the next month in the cellar, tied in as many straining ways as I could dream up (I had lots to draw on from my years of tie-ups by Darla), while I spanked, whipped, dildoed, and walked on his body and dick and balls in 7” heels. Darla came to help, and we face-sat him for hours. Chris finally gave in, and I increased his pills and creams, besides locking his prick in a FL4A frenum chastity. At last his breasts were ripe for large implants and his tiny cock was locked forever in a FL2 frenum, then Chris became “Christy,” an exquisite beauty whom no one suspects isn’t a genetic woman, especially when she wears your artificial pussy or vagina panties.

Though I’m happiest alone with Christy, who loves my cunt day and night with her highly skilled mouth and tongue, I sometimes have Darla over, and we enjoy binding, spanking, dildoing and face-sitting Christy while she’s wearing a party dress, “Forever Sissy” bra and panties, lacy socks and Baby Doll or Mary Janes with heels.

When Christy has been bad I have a man or men over and they get hot watching her love my pussy while in her little girl costume, her wrists and ankles in steel cuffs and chains. Mistress Susan
When my wife Miranda gets an idea in her head I know there’s no stopping her. Her latest idea was to feminize me and turn me into her “live-in” maid.

“Please Miranda, you can’t be serious?” I asked, obviously stunned.

“I’m quite serious Penelope. By the way, that’s your new name now. I grew up with...”

my own, personal maid at my beck and call. And while at least I make enough money to afford a maid twice a week, I miss one at my feet instantly, as soon as I ring for her. I guess I'm just pampered and spoiled rotten, I figure it's one way you can at least contribute something to the marriage. It certainly hasn't been sex. God, if I'd only known how tiny your, well never mind, I've already thought of a solution to that."

I begged and pleaded, cried and sobbed, every day for the next several months. But, it did no good. I resisted every step of the way, but what can you do when a collar is locked on you and is bolted to a heavy chain long enough to make it around the house, but not to the door or the phone, which she moved out of touch. I was caned, paddled and beaten with one of her high heels if I even gave a hint of protesting. So, in the end she had her way. I became her feminizing, "live-in" maid. She changed so completely I didn't recognize the woman I married. To her I was nothing but a servant. Her solution to the sex problem was to start bringing these young studs

**Penelope In Pink**

My wife, Miranda, keeps me collared and on the end of a long leash when she leaves, in the morning, for her office. The chain weighs a ton and I get exhausted just dragging it behind me wherever I go. Every morning she leaves me a list of chores I have done by the time she gets home. It's always an impossibly long list that makes me work frantically throughout the day. I don't dare even sit for a minute as she never tells me when she's coming home. It's so unfair, but she doesn't care. "It'll keep you from getting lazy. Besides it gives me a gauge on how much I can get out of you," she said dispassionately. Regardless of when she gets home she expects every single chore to be done, and done perfectly. When she inspects my work and doesn't like what she sees I am punished the next day. I have to do all my work with my legs spread, as far as they will go, my ankles locked into a spreader bar. Then she runs a chain from my chastity sheath to the spreader bar. If I'm not careful when I bend over I get a really painful reminder. It's almost impossible to get everything done, but, like I said, she just doesn't care.
at home. I was absolutely crushed, my manhood shattered. It was when she casually asked this brute of a guy she'd brought home if he might have any interest in giving her maid a good fucking.

“She's just a shameless slut, always begging me to bring home a guy with a huge cock for her. Isn't that so, Penelope?” she asked, with a wicked grin.

“Yes, Mistress Miranda, I always hope you would,” I cringed. God only knew what she’d have done to me if I had answered what I was thinking.

My chance came one morning. I couldn't believe it when she said, “I really do think you're trained enough to be let off your leash. Tom, the guy with the eleven inch cock, is coming over for dinner and some fun. And I need you to do some grocery shopping. Can I trust to send you a few blocks down to the supermarket?”

“Oh yes, Mistress, you can, absolutely,” I said, thinking this was big chance to get away.

“I'm afraid you said that much too quick. You still do the shopping but I'll need to take measures to ensure that you come back,” she said.

Her first measure was to tighten the corset I hated wearing. The collar she put on me almost totally encased my neck. It held my head absolutely rigid, I couldn't move it in any position. It was pink and edged in ruffles. I had thought it was leather, but when she clamped it on me I was alarmed that it was actually steel. The odd thing about it was the slim cable dangling from it. I watched, uncomprehending, as she attached it to the chastity sheath she had locked on my penis from the first day she made up her mind to feminize me. I couldn't believe what she had done, or how dispassionate her explanation had been.

“Look, you know you've been a dud in bed ever since we've been married. Christ, even when your thing is as stiff as it ever gets, I still have to help it in. Besides the tiny hard-ons you get will just distract you from your work. Actually honey, you should thank me for letting you keep it,” she said.

Well, now I would get my chance. I would be gone forever as soon as I was out the door and I would get that thing off me one way or the other.

“I know all you think about is running away. But I found that I couldn't live without your pampering me 24 hours a day. Now about that collar, it will shock you and cannot be removed. Don't try anything or you will be electrocuted. You have a half an hour to get back.”

I don't know how I did all the shopping in that time, but I made it back with seconds to spare.

“What a good little maid. Now tonight when I ask you nicely to bend over and spread your ass cheeks for dear Tom I won't hear any of your silly complaining, will I? You, of course, do know what will happen if you don't perform like the eager, little shameless slut he thinks you are, don't you?” she asked.

“Yes, Mistress, I do,” I cried, defeated.

“Now Penelope. Don't cry, I'll ask Tom to be gentle with you. Seeing that it's your first time,” she smiled.
Attention to Sissy Maid:
I am sorry I don't have a photo for you yet. Hopefully, I will in a few months. My husband showed me your magazines over three years ago. What interested me the most were your Forced Womanhood and Enslaved Sissies and Maids magazines. Two years ago I started transforming him to be my slave. It turned me on being able to have a man and a woman all in one, and especially as a slave to me as I enjoy oral sex the most. I was raped as a teen and don't really like a penis in me. My husband Tory understood. He's now being chastised and has his breast implants. He's made to be in sissy attire 24/7. I like to keep him bound up with your metal spreaders, a collar, a sissy dress and your sissy shoes. He seems so sweet and innocent this way. And it gives me piece of mind to see a man so submissive.
Love to all at Centurians,
Laurie

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well!

But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkiest hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 2oomg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.

Triple Strength Mammary

Formulated to enhance the breasts and develop the milk glands. Each tablet contains 3oomg. of raw mammary concentrate, 5oomg. blessed thistle, 1oomg. black cohosh.

Suggested use: 1 to 3 tablets daily or as prescribed.

This is a story of a beautiful woman who isn’t getting satisfied sexually by her husband, so she has extra marital affairs. One night after one of her flings she catches her husband wearing her lingerie.

This gives her the excuse she needs, she yells and screams at him that if he’s going to wear women’s clothes - they will only be sissy clothes for such a wimp as him.

She begins with binding him up every night and slowly changes him into a complete sissy she-male maid slave through bondage, hormones and breast implants. Then makes him suffer many humiliations of being a sissy slave including satisfying her boyfriends in all ways.

Enslaved Sissy Video 2

This video is about a wife who finds out her husband has been cheating on her. She gets so mad that she binds him up and tells him that she will get even and make him find out what it feels like to be humiliated like she has been.

She slowly, through bondage and punishment, turns him into her sissy slave to be humiliated in all kinds of ways. While he’s bound up, she forces him to take hormones, get breast implants until he looks like a beautiful sissy she-male slave.

She then forces him to suck a cock while bound to get hard for her so she can have fantastic sex in front of her new bound up sissy slave. With constant bondage she finally brings in a man to break his beautiful cherry ass and get fucked like the sissy she is.

Enslaved Sissy Video 3

This is the continuing story of enslaved sissy Giselle. In the previous movie Giselle was a man, but his wife needed a man for better sex so she turned her husband into a sissy slave with hormone treatment, breast implants and heavy bondage. She has now turned poor Giselle over to Mistress Foxy to be thoroughly trained as a sissy slave taught how to satisfy both men and women with her tongue, lips and mouth. That’s the only way she can satisfy another because she was chastised permanently so she could never have sex.

Poor Giselle is put through an ordeal of various sissy outfits until she is submissive and sweet enough to satisfy both men and women and become a complete house maid to do whatever is demanded of her.
